

WE RISE

Information Technology Degrees

Earn your Technology degree in a growing field

You're ready to build a better life and you want an education that works. You know that success is no accident, and you're ready to make your mark in a growing field. You're tech-savvy and recognize the value of data, networks and computer science, so a technology degree may be a good fit for you. You want an education that is flexible and convenient; supportive and personal; structured and predictable – we value these qualities too and have implemented them into our programs.

Cybersecurity

About University of Phoenix

In a rapidly changing world, career mobility isn't optional – it's essential. For more than 40 years, University of Phoenix has helped working adults grow personally and professionally with flexible schedules, relevant coursework and interactive learning. We serve a diverse student population, offering associate, bachelor's, master's and doctoral programs online and in select locations. **For more information, visit www.phoenix.edu.**

Prior Learning Assessment

If you're an undergraduate student or thinking of becoming one, you might be closer to a degree than you think.

Knowledge you've gained outside the classroom from professional, training or life experiences could translate to college credit through our Prior Learning Assessment (PLA). We don't want you to take classes you don't need – and we're pretty sure you don't either.

Learn more visit www.phoenix.edu/admissions/prior_learning_assessment.html

Keep the same tuition until you graduate from your degree program, even if it takes longer than you planned. That's our promise. No matter what surprises life brings, you can count on us.

Undergrad \$398 per credit

Cost per credit applies to both bachelor's and associate degree programs.

Graduate \$698 per credit

MAEd and MSN programs have a lower cost per credit. Get more details on each program page.

Doctoral \$810 per credit

Doctoral programs are offered online and require onsite residencies in select locations.
