

## About Us

Catalina Eye Care opened in 2009, as a comprehensive eye clinic in the beautiful Catalina foothills. Our facility is comfortable and relaxing, and we believe that treating our patients with compassion and respect is just as important as providing superior eye care.

At Catalina Eye Care, we provide a full range of services to meet all eye care needs, from the routine to the cosmetic to the surgical. Whether you need a routine eye exam for eyeglasses or contact lenses, a medical eye exam for diabetes or other health-related issues and medications, cataract, corneal, refractive or oculoplastic surgery, glaucoma care and even eyelash enhancement with Latisse, or Botox injections, you will find excellence here.

## Exciting, great GROWTH for Catalina Eyecare!

In January 2020 we gladly welcomed the expertise of the Cataract & Glaucoma Surgeon, Dr. Patrick Tsai and Medical Optometrist Mai Ly Tsai

Dr. Patrick Tsai is a board certified ophthalmologist, a top notch cataract surgeon capable of handling simple to the most complex cases. He also has additional training in glaucoma to be called a glaucoma specialist, whom other ophthalmologists and optometrists often refer patients to.

Experience is crucial when selecting an eye surgeon. You need someone who knows not only the basics of cataract & glaucoma surgery but has also encountered special cases

and has dealt with them successfully. Dr. Patrick Tsai has 15 years of experience and has cared for thousands of eyes with cataracts and glaucoma.

Dr. Patrick Tsai is an Associate Professor in Ophthalmology and was previously the Residency Program Director at the University of Arizona. After graduating from Stanford University, Dr. Tsai achieved postgraduate degrees from Washington University in St. Louis and Indiana University before completing a residency at Cook County Hospital in Chicago, and a glaucoma fellowship at Indiana University.

He has been recognized with numerous awards and accolades for his research, work, and teaching and has trained countless medical students and resident ophthalmologists. Dr.

Tsai has authored multiple articles and book chapters and serves as a reviewer for various ophthalmology journals. Dr. Tsai is a diplomate of the American Board of Ophthalmology and is a fellow of the American Academy of Ophthalmology and is active with the Arizona and Tucson Ophthalmology Societies.

Dr. Mai Ly joined Catalina Eyecare in January 2020 to provide comprehensive eye care.

Dr. Ly has over 20 years of ophthalmic experience. She has practiced in a variety of settings and is highly trained to diagnosis, treat and manage most ocular diseases and pathology. This includes diabetic, hypertensive and macular degeneration eye examinations. Among her many skill sets including immersion biometry, she will continue to work closely with the eye surgeons in pre–and post–op cataract care as well as monitoring glaucoma patients.
