

FACTS

ORGAN & TISSUE DONATION

Donor Network of Arizona (DNA) is the federally designated, non-profit 501(c)3 organ procurement organization and a tissue and eye recovery organization for the state of Arizona. DNA is a Donate Life organization.

MORE THAN
50% of
Arizonans
have said
“**YES**”
to generosity by
registering as organ
and tissue donors.

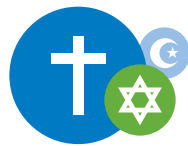

DNA coordinates organ and tissue donation for transplantation. We will work in cooperation with whole body for research organizations as directed by donors or their families.

There are no health requirements or age limits on

HOPE & GENEROSITY

Anyone can register to be a donor!

Major religions support donation as an act of generosity and a gift of life.

It is a federal crime to buy or sell human organs and tissues in the U.S. (National Organ Transplant Act, 1984).

Arizonans can register to be a donor and have **DONOR** printed on their license when they apply for or renew their driver license or ID at the Arizona Department of Transportation Motor Vehicle Division (ADOT MVD).

DNA assumes all expenses related to organ and tissue donation. There is no cost to the family.

\$0

Am I already a registered organ and tissue donor?

If you're not sure, register again!

All duplicates in the DonatLifeAZ Registry are checked and removed.

DNA administers the secure DonatLifeAZ Registry database. Registered AZ donors are provided with a username and password. Your information is never sold or shared.

The first responsibility of medical professionals is to save lives. Donation is an option only after all life-saving measures have failed.

One organ and tissue donor can save and heal
50 lives

*Based on data from the Organ Procurement and Transplantation Network as of July 2019.
