

### We're people helping people! Not robots!

We are proud to be Arizonan and to have been serving our Arizona members since 1939! We are a full-service, not-for-profit, financial institution that is locally owned and operated by our members.

### Over 100 million people can't be wrong!

There are a lot of differences between credit unions and banks such as low or no fees, lower interest rates on loans, and higher dividends on savings! That's why over the past 5 years, more than 100 million people nationally have joined one!\*

### Become a member and we'll give you \$200!\*

We are so confident that you will love our credit union that we are willing to pay you \$200 just to try us!\*

It's time to take a look at a fresh alternative, and consider Arizona Central for your banking needs.

## EMPOWERING OUR LOCAL COMMUNITIES

"People Helping People" is a philosophy and founding principle of the credit union movement. Last year, with over 230 total employees, Arizona Central participated in nearly 300 community engagement activities and donated a total of 2,237 hours of service. These events helped us raise over \$115,000 for local organizations who make a difference in people's lives every day — such as Cancer Support Community Arizona, Ryan House, Phoenix Children's Hospital, and the Tucson Medical Center.
