

SUNSET
HEALTH

Your Place for Optimal Health

A health experience built around you

Since 1972, when we began assisting the migrant worker population in the fields of Somerton, Arizona, we've worked diligently to ensure that everyone in Yuma County has access to quality healthcare. We've since evolved into a large network of clinics that serves the needs of nearly 30,000 people every year. Despite this growth, our motivation remains the same as it was on day one: to treat all of our patients with the respect and humanity they deserve.

Driven by values

Everything we do at Sunset Health is fueled by a strong commitment to excellence, compassion, and innovation. These values mean that we'll always look beyond the quick fix to make sure you're at your healthiest best not just today, but well into the future.

Focused on families

We believe that families are the foundation of our communities. That's why we offer a full spectrum of services to meet the diverse needs of children, seniors, and everyone in between. By continually improving and maintaining the health of our families, we help to ensure a brighter future for all of us.

OUR MISSION

Sunset Health is committed to build healthier communities by delivering comprehensive, preventive, and exceptional quality primary care in a compassionate and professional manner.

Meeting all of your healthcare needs

We offer a full range of primary and preventative care services to cover all aspects of your health. Whether you have a serious medical condition, or are simply trying to maintain your good health, you can rely on us to help you achieve your goals.

Support services for all

From our on-site pharmacy to our mobile clinics, we'll provide you with the resources you need to make your experience convenient and productive.

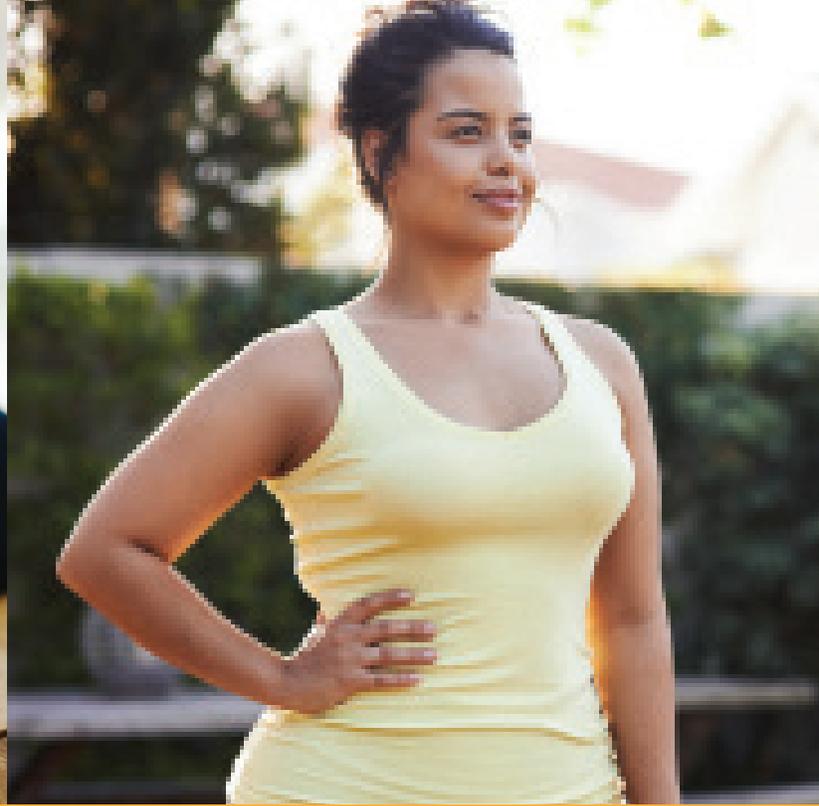

Community Health Worker

Builds individual and community capacity by increasing health knowledge and self-sufficiency through a range of activities such as outreach, community education, case management, informal counseling, social support and advocacy.

Making care accessible

Our enrollment specialists and discount programs make quality care accessible to everyone, regardless of their insurance status or economic circumstances.

The difference we make

We're honored to have received national acclaim for the quality of our work.

We're even more proud of the impact we've had on the people we've cared for.

Providing whole life care for you and your family

Our unique approach to whole life care ensures that our patients maintain optimal health throughout their lives. We'll work closely with you to identify the best treatment possible, get you the support you need, and help you make healthy lifestyle decisions for everyone in your family.

Our motivation

Sunset Health is at the forefront of a collective effort to make Yuma County the healthiest county in the state. Our award-winning services, compassionate staff, and commitment to whole life care combine to make us your place for optimal health.

We bring health within your reach

Sunset Health's network of clinics makes quality healthcare accessible to residents throughout Yuma County. Please visit our website to view a full list of locations, hours and services offered.
