# LOOKING FOR A PEDIATRICIAN? PHOENIX CHILDREN'S PEDIATRICS GETS KIDS

What does it take for kids to be at their best? Personalized care from a practice that recognizes kids aren't just little adults. Backed by Arizona's only children's hospital recognized among the nation's best by *U.S. News & World Report*, Phoenix Children's Pediatrics provides exceptional preventive and medical care for children from teeny to teens.

## HEALTHY STARTS HERE

Phoenix Children's Pediatrics offers a full range of services. We stress the importance of preventive care, offering wellness exams and health screenings, physicals and vaccinations, and even weight management and nutrition counseling. Our team diagnoses and treats everything from viral illnesses to sports injuries, while helping patients manage chronic conditions like diabetes. We offer prenatal and newborn visits for new arrivals, along with lactation support. We also care for children with special health care needs. When there's need, we can connect you with our network of hundreds of pediatric specialists in more than 75 specialty areas.

## MAKE AN APPOINTMENT TODAY
